STANDARD OPERATING PROCEDURE FOR CASES OF MISSING CHILDREN
Background

The Hon’ble Supreme Court of India in Bachpan Bachao Andolan vs. Union of India (WP (Civil) 75 of 2012) on 10th May 2013 had directed formulation of a Standard Operating Procedure for cases of Missing Children. The Juvenile Justice (Care and Protection of Children) Act, 2015 under section 2 (14) (vii) includes a ‘Missing Child’ as a child in need of care of protection and in Rule 92 of the “Juvenile Justice (Care and Protection of Children) Model Rules, 2016”, a procedure of inquiry regarding a missing child has been laid down.

Objective

This Standard Operating Procedure (SOP) envisages to assist Police, Child Welfare Committee and Juvenile Justice Board in dealing with the cases of missing and found or recovered children. The Objective of the SOP is to put in place guidelines while dealing with cases of missing children and to work in coordination with stakeholders and respond with urgency to issues of missing child. Ensure expeditious and effective law enforcement including prosecution. Create mechanism and systems to prevent further victimization of missing children. Ensure that appropriate and timely protection/care/attention is provided to victims/witnesses.

Dimensions to understanding the concept of “missing child”

Generally stating, missing children are usually children who are separated from the parents/family/guardian. However, this SOP also includes within its purview procedures set out in relation to those children who may have been found/traced by the Police, CWC, Childline or any other organization and/or individual till their parents/family/guardian is traced and the child is restored. Some of such children may have been subsequently residing in Child Care Institutions (“CCI”).

Thus, for the purposes of the procedures set out here under this SOP:

a ‘missing child’ may be one who is lost (separated from family), has left home on his/her own without a notice or has been abducted or trafficked or abandoned. Usually, parents/family/guardian will file a missing complaint in such cases.

a ‘traced child’ will be a child who is traced by the police on the basis of a missing child report/FIR.

a ‘found child’ is a child found by the Police on the streets/ in a market place/ at railway platforms/ at bus stops/ in trains/ at a port/ at airports/ on a bus or other public transport/ in a hospital/ during rescue operations or at any public place and/or is brought before/referred to the Police by Juvenile Justice Board (“JJB”) / Child Welfare Committees (“CWC”) / Childline/ any other NGO or any individual.

Generally stating, missing children are children who are separated from the family/guardian and may include:

- Traced Children

- Run away children
- Abandoned children
- Kidnapped Children
- Lost children

- Children missing/lost/found due to accidents, disaster, calamity, and other miscellaneous reasons.
